	<i>Description: Per online submitter: "I would like to report two serious violations.</i> <i>1. We were renting the property at 1333 SW 9TH ST BOCA RATON FL 33486 and during the 5 years we lived there, the landlords (Casa Homes LLC) never once maintained the windows or screens as required per 83.51. There are windows which have been bolted shut since we've moved in, as well as missing and broken screens and non-functioning windows.</i> <i>2. Additionally, and perhaps worse - We conducted a mold inspection of 1333 with a licensed company, and one of the five highly toxic, "zero-tolerance" mold strains was discovered (Chaetomium) in our bedroom. Another mold was found in the house at unacceptable air levels: the Aspergillus count is 3600/m3 and should be under 2000/m3. The inspection company found certain areas of the home to be in 'condition 3' status, which need to be brought back to 'condition 1'.</i> <i>We were forced to terminate our lease and leave due to the toxic affects of the Chaetomium mold and Aspergillus, and due to Florida's lax disclosure laws, we fear they will rent it to another unsuspecting family with toxic mold and broken windows. Please help and investigate these landlords. They have many properties and are very negligent and abusive. Thank you!"</i> <i>Submitter: Shane Gayer 21569 Woodstream Terrace Boca Raton, FL 33428 shanerbaner@gmail.com (561)866-9566</i> <i>SeeClickFix #15859208 created: 01/10/2024 1:44 PM</i>

	<i>Description: Per online submitter: "The Home Owner at 736 Gloucester St. has rented her dock on the Canal to neighbors/friends (Zerbocks) who sold their primary residence at 735 Gloucester St. The Zerbocks dredged the Canal at 736 Gloucester and parked a yacht at the dock in September 2023. The Zerbocks sold their primary residence in November 2023 and have been Living Aboard the yacht since or before that time. The yacht is connected to electrical and water supply from the Residence at 736 Gloucester. The Home Owner has also allowed the Zerbocks to pump sewerage from the yacht to an uncertified sewer pump out in the backyard of the property.</i> <i>The Home Owner, once notified in January 2024 that Living Aboard was not permitted has advised us that they are working/conducting business on board during the day and we should not be concerned with privacy.</i> <i>The Zerbocks who, to our knowledge, do not have an established Primary Residence, have indicated that they planned to spend all day/everyday on the yacht and sleep elsewhere to comply with the City Ordinances.</i> <i>The Home Owner for 736 Gloucester St has violated the following City, State and Federal Ordinances and Statues since November 2023:</i> <i>Boca Ordinance (BO) Section 22-59.- Mooring (1) Ownership</i> <i>BO Section 28-669 - Part F - Use for Business Purposes</i> <i>BO Section 28-1488 - Boats as Residences</i> <i>EPA/CoastGuard/City of Boca Regulations relative to discharging of sewer into a non-certified sewer pump out.</i> <i>The Homeowner and Zerbock have proposed "Day Living and Sleeping Elsewhere" which constitutes as Living Aboard per the FL Atty General Document AGO 85-45 dated May 30, 1985 : "Definition of Live-Aboard vessels" and also violates the spirit and intent of City Ordinance 28-1488.</i> <i>The actions taken/allowed by the Owner of 736 Gloucester Street have not only violated the City Ordinances but also significantly impacted the Owners of 724 Gloucester Street as follows:</i> <i>1. Impacted the peaceful enjoyment of our property.</i> <i>2. Invaded our right to privacy in the back yard.</i> <i>3. Created a nuisance by parking a yacht practically on top of us.</i> <i>4. Created a nuisance and unsafe (potential biohazard) condition by pumping waste from the yacht into an uncertified sewer pump out since November.</i> <i>We are requesting the City to enforce the Bylaws relative to placement and use of the vessel parked at the dock of 736 Gloucester St.</i> <i>Thank you in advance for your assistance."</i> <i>Submitter: Michael Velji 724 Gloucester St Boca Raton</i> <i>SeeClickFix Concern #15999687 created: 02/05/2024 5:43 AM</i>

<i>Description: Per online submitter: "Trash or Recycling: These bags have been on the road since the end of November."</i> <i>"I am writing to follow up on my previous communication regarding the uncollected trash that has been persisting on the road since the end of November. I understand the requirements as per Florida State Statute 162.06(1)(b) and apologize for any oversight in my initial report. For your records, my name is Philip Root, residing at 311 SW 7th Ter, Boca Raton, FL 33486. My contact number is 205-222-4321.</i> <i>While I appreciate the necessity of adhering to statutory requirements, I am concerned about the apparent delay in addressing basic municipal services such as trash collection. The accumulation has become an eyesore and poses potential health and safety risks to the community. Observing that procedural formalities are prioritized over the swift resolution of such fundamental issues is disheartening.</i> <i>With my personal details submitted a 2nd time, I trust that your team will expedite the investigation and subsequent cleanup of the reported area. It is imperative for the well-being of our community that such matters are dealt with promptly and efficiently. Thank you for your attention to this matter. I look forward to seeing the necessary action taken to resolve this issue.</i> <i>Sincerely, Philip Root"</i> <i>"Furthermore, I wish to highlight a crucial aspect of Florida State Statute 162.06(1)(b) regarding the initiation of enforcement proceedings based on anonymous complaints. While I have provided my personal details as required, it is important to note that the statute expressly exempts situations where a code inspector has reason to believe that the violation presents an imminent threat to public health, safety, or welfare, or imminent destruction of habitat or sensitive resources. The prolonged presence of uncollected trash undoubtedly poses a significant public health risk, attracting vermin and contributing to unsanitary conditions. Therefore, I urge the Code Enforcement Officers to consider the severity of this issue not just as a procedural matter but as a genuine health hazard that warrants immediate attention, in accordance with the spirit and letter of the law."</i> <i>Submitter: Philip Root, residing at 311 SW 7th Ter, Boca Raton, FL 33486. Description: Per online submitter: "The photo Is damage to the roof of the North Building (facing the road) on the NE corner. In addition, there is an opening around the roof drain and an exterior crack in the window sill for unit 507. This allows water to enter the wall, causing further damage. A water damage restoration company has repaired the interior, but not the source of the leaks. I have placed tape to hopefully minimize further damage. No action has been taken by the Board or the Management Co, despite numerous complaints, to repair the exterior damage."

Description: Per online submitter: "Trimming and Maintenance (Vegetation & Trees): My name is Tim Shay and I live at 681 SW 18th Street in Boca Raton. My neighbor directly east of me at 671 SW 18th Street has planted trees and shrubs that have created a dangerous hazard for anyone exiting my driveway. Particularly, we are unable to see westbound traffic as we approach 18th Street due to his trees and shrubs blocking our line of vision. I have previously requested Mr. Cabini to trim back his trees and shrubs so that we may see traffic approaching us. Our street carries a high volume of traffic that frequently exceeds the 30 MPH speed limit. Because this hazard exists on city property I am requesting that the hazard be removed." My phone number is 786-571-2045. With this email I am requesting that you open a case to enforce Boca Raton city code regarding parking on a sidewalk at the address provided. I have left several notes at the home both on the vehicle and front door informing the residents that parking on a sidewalk is a violation of city and state code. The continue to ignore my plea and violate the code. The vehicle is parked there on weekends and usually leaves in the morning around 8:30am during the work week. It usually returns at the end of the workday. If possible please have an enforcement officer come to the house before 8:30am. If you need further information from me feel free to contact me. Thank you and best regards, Tom Lee Two Photos Provided.</i>

It would have taken a City crew two minutes to clear the vegetation from the cross walk sign. How much more money and time would it have taken if the original reporter (I did not report this just commented) would have followed through with a code complaint? In the meantime, safety would have been compromised for all the users of the cross walk.</i> <i>Sometimes it is easier to just handle an issue than to make a big deal out of a small thing....</i> <i>By the way I am on the City Bicycle and Pedestrian Advisory Committee and safety of our citizens is foremost on my mind.</i> <i>Howard Greenberg</i> <i>mailto:howardg@tlcc.com</i>

Per email From: Karen Mazurek <PropertyMGR@200eastcondos.com> Sent: Friday, January 19, 2024 1:23 PM Good afternoon Christy and Happy New Year. I was hoping that you could point me in the right direction. The access road, off Palmetto, and into both our building (200 East Condos) and Chase bank has two drains that have sunk and are getting worse. Would you know if it's the City's responsibility to repair them? At a minimum, I am requesting a City inspection to evaluate the safeness of the sinking drains. I appreciate your assistance. 	<i>Description: Per online submitter: "This concerns the partially obstructed entry gate to the rear swimming pool in the Fairfield at Boca community. The attached photo views the entry from outside the open gate, as you would enter the pool area. This is the only way into the pool. The gate is wider than the level pool deck area you must pass through. The right hand or latch side is obstructed by a raised portion of decking about 8" wide and 4" or more higher than the rest of the deck at the gate. This is a clear trip and fall hazard. The Fairfield Master HOA board and the management company, Residential Management Concepts, was alerted to this hazard at their board meeting on February 28, 2024 but appear to have taken no corrective action. This is a public safety hazard and, I suspect, a building code violation. Please investigate." Submitter: Jan Merle 5423 214th Ct. S. Please let me know if you have any questions, thanks, Mike Michael Velji Velji Realty LLC 724 Gloucester Street Boca Raton FL 33487 Tel: 617 -719-7599 mvelji@veljirealty.com Previous case CODE-2024-00290 (736 Gloucester St Boca Raton, FL 33487) CLOSED 02/08/2024 Per online submitter: "The Home Owner at 736 Gloucester St. has rented her dock on the Canal to neighbors/friends (Zerbocks) who sold their primary residence at 735 Gloucester St. The Zerbocks dredged the Canal at 736 Gloucester and parked a yacht at the dock in September 2023. The Zerbocks sold their primary residence in November 2023 and have been Living Aboard the yacht since or before that time. The yacht is connected to electrical and water supply from the Residence at 736 Gloucester. The Home Owner has also allowed the Zerbocks to pump sewerage from the yacht to an uncertified sewer pump out in the backyard of the property. The Home Owner, once notified in January 2024 that Living Aboard was not permitted has advised us that they are working/conducting business on board during the day and we should not be concerned with privacy. The Zerbocks who, to our knowledge, do not have an established Primary Residence, have indicated that they planned to spend all day/everyday on the yacht and sleep elsewhere to comply with the City Ordinances. The Home Owner for 736 Gloucester St has violated the following City, State and Federal Ordinances and Statues since November 2023: Boca Ordinance (BO) Section 22-59.- Mooring (1) Ownership BO Section 28-669 - Part F - Use for Business Purposes BO Section 28-1488 - Boats as Residences EPA/CoastGuard/City of Boca Regulations relative to discharging of sewer into a non-certified sewer pump out. The Homeowner and Zerbock have proposed "Day Living and Sleeping Elsewhere" which constitutes as Living Aboard per the FL Atty General Document AGO 85-45 dated May 30, 1985 : "Definition of Live-Aboard vessels" and also violates the spirit and intent of City Ordinance 28-1488. The actions taken/allowed by the Owner of 736 Gloucester Street have not only violated the City Ordinances but also significantly impacted the Owners of 724 Gloucester Street as follows: 1. Impacted the peaceful enjoyment of our property. 2. Invaded our right to privacy in the back yard. 3. Created a nuisance by parking a yacht practically on top of us. 4. Created a nuisance and unsafe (potential biohazard) condition by pumping waste from the yacht into an uncertified sewer pump out since November. We are requesting the City to enforce the Bylaws relative to placement and use of the vessel parked at the dock of 736 Gloucester St. Thank you in advance for your assistance." 	Description: Online Complaint - SeeClickFix #15826018: "We are the owners of the property next door. We have our property on the market for sale, but we can't get any buyers because our neighbor's house is in such poor shape. It is a @\$% house. Their fence is falling into our property, their mailbox is broken and on the ground. The exterior paint is peeling from the walls and the back yard is a mess. We recently had our property taxes raised more than 200% with a property assessment of 454k in 2023. 327 Kingsbridge's property value also increased to 318k, but it would not sell for 200k in the shape it is in. It is making it impossible to sell our property. The last comment we got was our property is a "Dog patch in the ghetto" because the neighbor's house is in such bad shape. We need the property owner to replace the fence, fix the structural damage to the house and paint the exterior and fix their mailbox to change the image of the entire block. The renters are not interested in complaining to the corporate owners and the corporate owners are not interested in maintaining the property. We need help to get this house to fit into the rest of the properties and support the new tax values." UNABLE TO OPEN PHOTO.

	Description: Per email from BRPD Ofc. Meade - "It was a pleasure to speak with you this morning about Boca Helping Hands at 1500 NW 1st Ct (they also use 1595 NW 1st Ct and 1599 NW 1st Ct). The queuing of the lines of cars at lunchtime for meal pick up is creating a traffic situation. Vehicles traveling through the area on 16th will enter oncoming traffic lanes to avoid the queued line for meal pickup as they are still operating in a drive thru capacity since COVID. I appreciate you checking with zoning to see if a drive thru is within their approved use. We are working on the loitering and trespassing that occur from guests picking up their meals and eating on private property now that they are not serving meals inside".

Federal Highway to inspect items that were brought to the City's attention by Milton Cubas, P.E. Mr. Cubas was performing Recertification inspection work and contacted the City of Boca Raton of his findings. I attempted to contact Mr. Cubas but was informed by one of his staff members that he was out in the field performing inspections. I left word to call me back. No response so far. At the jobsite, I met with Robert Schifano, Sr. VP/ Director of Asset Management, Penn- Florida. He pointed me to the top level of the parking garage, the area in question. Upon review of the top deck, it appeared to me that there were exposed PT cables in several spots and an attempt to utilize a quick fix with concrete in other spots. I am waiting to hear back from Milton Cubas, P,E, to collect his thoughts. Peservich Property Specialist "Good morning, The property owner Carolyn Brandin of 1175 SW 19th St. has notified us that a neighbor to the rear of her property is apparently encroaching into the alley behind her property by building a shed and fence, claiming he owns the alley. It appears that the alley is City right of way. I have attached an aerial and survey of the property and plat. The aerial shows apparent encroachments. Please look into this situation which may be a code enforcement issue if structures were built in the right of way, or if building permits were not issued. Thank you. Regards, Jonathan"

	Description: Per online submitter: "Hello, I am on the first floor and water has been flowing down through the interior of the exterior wall regularly for over 4 years. This started when the maintenance crew (non -professionals) installed a downspout along the 6 story building. They admitted at the time they didn't know what they were doing. There were also other cracks along the side of the building which was allowing water to enter through the wall from multiple locations all the way up to the 6th floor. My biggest concern is that all of the structural rebar has rusted out. Also, the concrete slab where it meets the wall has become very brittle and can be mushed with your fingers when wet. They Boca Bayou management has done everything wrong from start to finish. I would like for an inspector to enter my unit to see first hand. Thanks Anthony 561-706-5197"

IPMC 502.1 - DWELLING UNITS (REQUIRED FACILITIES)									
	SEC. 19-62	In Violation	05/06/2024	05/13/2024		\$0.00			
Description: Per online submitter: "I live in unit #105. Since Last Thursday evening (4/25/2024), I have experienced 2 major floods in my apartment with water coming from underneath the toilet in my main bathroom. I have had NO ACCESS to my water, toilets, or shower. The attached photo shows the current state of my main bathroom. My landlord accepted rent for May & June. We are in month 5 of our 11th or 12th year / lease. I was told that the issue would be fixed without needing to demo my main bathroom. Unit 106 is experiencing the same issues except for the demo. My landlord has repeatedly acted aggressively towards me any time I have tried to raise health & safety concerns. He has not offered alternate accommodations & he has ignored my questions about health, safety, floods, hotel, etc.(or when not ignoring these concerns, he has threatened to "lick me out / have me remove from the premises"). The smell in here is very sickening & there is dirt / dust everywhere. I do not feel safe in my home - not for me or my pet. There have been up to 7 plumbers in here at 1 time since Monday of this week plus 2 other workers that handled the demo. The toilet, sink, water-logged sink cabinetry were all left in my bedroom and my repeated requests to have them removed were ignored until the plumbers took the toilet at 5pm yesterday and I removed the other items myself. I am very concerned that there is currently a VERY approximate ETA of next Wednesday for water & toilet and an ETA of 2 weeks or more for the shower. I do not feel that this apartment is compliant with the conditions that my landlord needs to meet and needs to provide for me as his tenant. I am also concerned about air quality, dust / particulates and definitely no water, toilets, shower, smell plus the current state of my main bathroom. I am very concerned about my landlord's intimidation tactics & failure to provide a rapid solution & alternate accommodations. Currently, I am buying water, Clorox Wipes, using the restroom at nearby 7-11. I was also told by my landlord to use the bathroom at the north end of the complex in the laundry room however I do not feel safe walking down to this bathroom at night plus there are roach issues in that area. Lastly, i am concerned for both my pet and myself because of the noise level. Thank you very much. I could really use some assistance during this very challenging time." My concern is that I have tried to ask what materials are being used requested documents from the building on behalf of the owner was not given the proper documentation. They are not on the website.. when I got the permit from the city copy of it, it does not say the outside of the building it specifies the garage. The bid and the permit was for 60k. It has now went up to 182k. When code went out on two occasions they were lied to on both occasions. The most recent was said that they were just doing painting and caulking and as you can see, they are now doing as you call it up here cement repair what I call it in the Florida Keys is falling damage from the rebar breaking because it's resting from the inside out. if you have any other questions, feel free to call me at 3058502000 and I would've had an issue if I was given the documents requested when I lived in that building but I have watched them. <i>Description: Dog off leash at large. Per online submitter: "I'm on the HOA Board of directors for our community Boca Lake (aka, Lakewood Oaks HOA) located about 1/2 mile south of Yamato Road on St Andrews Blvd. We are having a very difficult time with one resident at Address: 2612 NW 39th St. Owners last names are Rosen. The young woman in this household is allowing her black Doberman dog to run wild in our neighborhood. This is continually happening around 8:30am and 4:30pm where the owner throws a ball around the surrounding community homes as if in a dog park. We have levied fines to the resident to no avail. We are desperately in need of help to get the situation under control. A fair number of residents have expressed concerns and fear resulting from this situation. She has been warned by our management Co, that this type of violation is not only a community issue but also a violation of city and county ordinances. Yet this individual is not willing to comply. We are submitting this as an HOA board of director's request for assistance. It has gotten to a point where residents feel a need to arm themselves in some way just to walk the streets. Please let us know how you can help us? We some have pictures and video of these incidents although it is difficult to catch on a timely basis."</i> <i>Submitter: Robert Weldon 3867 NW 27th Ave Boca Raton, FL, SeeClickFix Concern #16880502 created: 06/20/2024 3:57 PM https://crm.seeclickfix.com/#/organizations/1526/issues/16880502</i>

	<i>Description: Keith, good morning. Gordon Scott @ 485 NE 32 St. Is there anyway you can do something about our neighbors to the west of use. The place is still a pit with a dining room table and trash in the front yard for 2 months, window screens laying on the west side of the house, overgrown hedges, and rotten mangos all over the back yard attracting rats. There are 4 cars, 5-6 guys and 2 women living in there. Last night one of the cars almost hit my truck. See Pictures. He tore up the grass on the edge of my driveway. This has been going on way too long. There must be something the city can do. Frustrated! You can reach me at 561-756-0611 Thank you</i>

There's a significant hole in the fence between our properties, and the overall condition of the fence is quite poor. Additionally, the pool on the property appears to be in very poor condition. These issues have unfortunately impacted the value and appearance of my property. It seems that the property may be abandoned, as I haven't been able to reach anyone to discuss these concerns. I kindly request that these matters be addressed and the necessary repairs made as soon as possible. Taking prompt action will help maintain the integrity of our properties and improve the overall appearance of the neighborhood. Thank you for your attention to this matter.
